Positive Action 2010 Questionnaire

*Please honestly answer the following questions on a separate sheet of paper and return with your application to the **Amplify** office. These questions should be answered as completely as possible by the student. The answers to these questions along with the recommendation forms will be evaluated to determine acceptance to the program. Personal interviews may be necessary to finalize acceptance.*

1. How did you hear about P.A.? Why do you want to attend and what do you hope to gain from the camp?
2. What do you think the definition of a leader is?
3. Why is it important for young people to say no to alcohol and other drugs?
4. What school/community groups are you actively involved in and what, if any, leadership roles have you held?
5. Are you currently drug-free and have been during the past school year (includes use of alcohol, tobacco, illegal drugs, or abuse of legal drugs)? If not, please explain the circumstances/situation.
6. Have you attended P.A. before? If so, what years?
7. P.A. has grown significantly over the past several years and has been at full capacity. **Amplify** has seen many students attend in junior high and continue to attend in high school. While **Amplify** would like to be able to allow as many students to attend as possible, it is important to continue training new attendees with leadership and prevention skills.

If you have attended P.A. in the past, why do you feel you should be accepted as a returning camper and what do you have to offer back to your school/community?

If you have not attended P.A., how do you think you could use the skills we will teach you when you return to your home and school communities?

Positive Action and Positive Attitude Camps (P.A.) are summer workshops for teens to teach positive life skills such as decision-making and communication skills. The overall goal of P.A. is to reduce the use of alcohol, tobacco, and other drugs among youth. Students who attend the workshops are given the opportunity to develop skills needed to serve as positive role models. We are looking for students who currently serve as role models as well as those who have the potential to be good leaders and need some development.
